

FTP CAT-6 CABLE 23 AWG

Description

23 AWG CONDUCTOR

- Length : 100m | 305m

Genuine CAT6 FTP LAN Cables are designed for your LAN networking needs, supports Gigabit Ethernet (1000 Base-T) standard and backward compatible. Operates at a bandwidth up to 250 Mhz.

Products Highlights

- High performance Cat 6 ethernet LAN cable provides universal connectivity to your home or office for high-speed network.
- Supports Gigabit Ethernet (1000 Base-T) standard with transmission bandwidth of up to 250MHz.
- Future-proof your network for 10-Gigabit Ethernet (backwards compatible with any existing Fast Ethernet and Gigabit Ethernet).
- 4-pairs shielded twisted pairs (FTP) cable
- Thicker conductor diameter for higher reliability and higher data rates Higher signal-to-noise ratio
- Higher signal-to-noise ratio
- Meets the requirements of TIA/EIA-568A/568B & ISO 11801
- Packaged in an easy-to-pull box for convenience installation
